MC&MCA is excited to celebrate the 34th Annual Excellence in Concrete and Masonry Design and Construction awards. We again recognize and honor the efforts and collaboration of architects, engineers and contractors in using concrete and masonry construction – from the foundations that support a structure to decorative cladding on buildings. Concrete and masonry are versatile building materials that are both strong and beautiful. Thank you for your hard work, dedication and continued use of concrete masonry in your designs and projects.

— Tim Berg, MC&MCA President, Adolfson & Peterson Construction
