

**MC&MCA 2022 EXCELLENCE AWARDS
OUTSTANDING USAGE OF POURED-IN-PLACE CONCRETE
ENTRY GUIDELINES**

Submission Deadline: February 28, 2022

To encourage and promote the use of poured-in-place concrete as a versatile and durable building product, the Minnesota Concrete & Masonry Contractors Association (MC&MCA) announces the 41st Annual Excellence Awards Contest for concrete projects completed before **January 15, 2022**. Through this program, the MC&MCA seeks to recognize works of distinction by its members and to bring public attention to outstanding projects constructed of concrete.

PROJECT QUALIFICATIONS/ELIGIBILITY:

- All entries shall be completed projects of which the concrete has been placed by members of MC&MCA.
- The projects must be completed (including landscaping) before **January 15, 2022**.
- Projects that have won awards in other contests are eligible for submission.
- Past winning projects in this program may not be resubmitted.
- Any other previous entries may be reentered, provided the project was completed in the last 3 years.

ENTRY REQUIREMENTS:

- Projects may be submitted for consideration into one category per year.
- Each member may submit one project per category.
- Entries require full address of the project site and specific information for the part of the project to be judged, if it is not the entire project.
- A detailed project description must be submitted which describes the area to be judged and the features of excellence for the judges' consideration (aesthetic value, unique structural/mechanical features or highlights, hurdles faced in project, innovation of project). Be sure to include specifics of project such as types of materials used, square footage, and material suppliers.

PHOTOGRAPH REQUIREMENTS:

All entries must include two or more digital photographs of the project submitted with the application. If photos are not submitted, entry will be disqualified. Photos must highlight the area of work to be judged and reflect and address the judging criteria being used. Including before and/or in-progress photos on poured concrete projects is highly recommended. Please follow the submission instructions outlined below. Photographs may be displayed at the Awards Banquet and in other MC&MCA initiatives.
